Part B for August 1929

SUBJECT

Control of the K.G.F. Sanitary Board over the Village Panchayets included within their jurisdiction.

GC
GC
8. 16.

The President, Sany Bd. K.G.F.
" R.C. in Mysore
" D.C. Kolar Distt.
" Comptroller

L. 1248-51 Dt 15-8-29.

Stating that it is not desirable to exclude the villages from the operation of the V.P. Regn and directs that full control of sanitation in the villages will vest in the Sany. Bd the Panchayets contributing half the charges out of the obligatory taxes collected by them &c.

GNV.
4.10.29.

App. F. III—2]

General and Revenue Secretariat. | File No. 27 of 1927.

Serial No.	
5	Letter No 23 Dt 5.3.28 from the President Salary Bd N.G.T.

Forwards for sanction the resolution of the Board to the effect that the sanitation of the village Panchayets should be under the control of the Board and not given over to the Panchayets under the V.P. Regn., that the handing over of the income of the villages to the Panchayets will result in a loss of Rs 100000 to the Board who will have to maintain the present establishments for prevention of epidemics & that Govt should make a contribution of Rs 100000 to the Bd. to make up this loss.

1) It is stated that under the instructions issued with the letter Dt 22.11.27 the Board has to take all measures for preventing the outbreak & spread of Epidemics in the villages while the income will be from the Panchayets. The duty & the maintenance at present

Cannot be curtailed. The B.D. will lose about Rs. 1,000 which it is requested should be made up by Govt. in case the transfer of the income from the village to the Panchayats cannot be cancelled.

2) The opinion of the Revenue may perhaps be called for.

Mk 3) The Sanad has to be taken to 4.7.28 in the position of a deed. Both of which Dd are not urging in the manner aforesaid it is not clear why the Sanad should do so. If the village Panchayats comprised in the Sanad area require special measures in matters pertaining to sanitation something has to be done for the Board. If any new cess should come from the existing sources it will be desirable, otherwise special high rate of taxation has to be introduced for the area

From the Presdt, K. Ca. T. Samy Bd
Dis C-23 of 14-8-28.

States that the Samy Bd have already resolved that they should have complete control over the Sanitary and financial matters of the villages in their jurisdiction and that as under this arrangement the village Panchayets will have practically no powers, it is best to withdraw by a Special notification, if necessary, the village Panchayets into the Samy Bd villages.

(2) The Presdt reports that the V. P. Regn should not be in operation in the Samy Bd area. He says that Robertsonpet though forming part of certain villages is not included in any village and it will be an anomoly under the V. P. Regn. The President considers that the villages under the jurisdiction of the Samy Bd may be removed from the operation of the V. P. Regn, by a Special notification till the Regn is amended

NOTE—Contn. Sheet.

13) The area under the jurisdiction of the Samy Bd was brought under the operation of the V. P. Regn only after consulting the Samy Bd. Section 58 of the V. P. Regn Specially provides for the Supreme control of the Bd in regard to epidemics. The main objection to the continuance of the Panchayet Scheme is one of finance. The Board apprehend that they would have to meet the ~~excess~~ the expenditure on account of Sanitation ~~over that drawn~~ while they will be deprived of the income from Mohatarfa. The Statement ~~received~~ from the President shows that the loss of income to the Bd would be Rs 5670 and that the expenditure now incurred amounts to Rs 10,829. It is not sufficient to insist that the whole of this expenditure should be borne by the Panchayets as the income could be improved considerably under the V. P. Regn and rules especially in view of the removal

General and Revenue Secretariat. | File No. of 192 .

Serial No.

The latter interest should not ~~be~~ prevail to the prejudice of the important interests of the villages.

21 The Deputy C. has also sent a statement showing what the position would be if the Panchayats are proper for the purpose of Sanitation. It is seen that the ~~recurring expenditure~~ extra amount required to meet the expenditure under this arrangement will be ~~Rs~~ about Rs 2500, excluding the Ootacamund area. ~~If~~ we may put down Rs 1500 for this area Considering that also as a village Panchayat area. The Jury of the V. Boards Inspectors ~~would~~ ~~have~~ ~~to~~ to meet this extra Cost. The village Panchayats might be induced to increase their income as is provided under Sect 38 of the V. Boards Regulation (their finances may also improve gradually), and till then it would be necessary to meet the expenditure ~~fully~~ ~~by~~ ~~Govt~~ reducing their expenditure in other directions to the possible extent or find out means of augmenting their income. The question of a small grant from Govt. may also be considered if necessary.

(This matter has been included in the duties of the Inspectors as Inspecting Officers to provide for the grant in Con of the Act K.)

Serial No. 22

The districts are now maintaining what steps to meet their responsibility towards the general supervision of the village Panchayat areas in Sandy & their matters.

23 All Things Considered it does not seem expedient to alter the policy so recently adopted & to exclude the villages in the Godavari area from the V P Orgn. The Group system may be adopted to the kind of Panchayats asked to find funds towards the cost of such supervision by the Sanitary area by increase of taxes where required.

24 A point has also been raised in the Spl Note whether Section 3 (10) & 57 should not be the subject of exclusion of municipalities from the Regulation is doubtful whether a notification has been issued. It seems that the authority having power to issue a notification in regard to certain matters has power to withdraw the same. Any doubt may be removed if necessary in the working when the enquiry is received upon

Serial No.

65 Govt villages (21 V.P.S)
8 Inam villages (6 V.P.S)
73 & 27

25 The K. G. F. Sanitary Board area Contains 68 Govt and 5 Jodi Villages for which 27 Village Panchayats have been Constituted. (Vide Statement flagged G).

Robertsonpet Consisting of two Villages is also under the area. It has not however been Constituted into a Village Panchayat. It is neither a Municipality.

26 The income from the 68 Villages which have been Constituted into 22 Panchayats is estimated at 5,670 and the expenditure on these Villages excluding Public Works at Rs 10829. Thus the Sanitary Bd is spending every year about Rs 5,000 from its funds for the Sanitation of these Villages in addition to the income derived from the Villages (The Bd does not get any income from the 5 Jodi Villages included in the area)

27 If the income from the Villages (except local cess) is handed over to the Village Panchayats, then the Bd will have to incur the whole Expenditure of Rs 10829 from its funds as the Village Panchayats will not be able to maintain the necessary Sanitary Establishment from their own resources. Otherwise the Sanitation

NOTE—Contn. Sheet.

General and Revenue Secretariat. | File No. | of 192

Serial No.

of these Villages will be neglected which outbreak of Cholera is certainly not desirable.

28 Thus there is difficulty in separating the finances of the Board & those of the Village Panchayats as instructed in the Govt. letter No. L 2855 | V.P.-27-27-3 dt. 22|11|27.

29 No doubt the Sanitary Bd. agreed to the Constitution of the Village Panchayats in the Sanitary Bd area but this Consent was given on the condition that the Board are not called upon to bear any additional burden on this account. (Vide Boards Resolution dt. 9|11|1925).

30 The Dt. Collr (President of the Sanitary Bd) has now made the following suggestions :-

1) The present Sanitary establishment of the Bd is the minimum Regd and so it cannot be reduced in any way. The Bd should have complete control over the Sanitary and financial matters of the Villages in the area & if this arrangement is accepted, the Village Panchayats will have practically no powers. The D.C. therefore considers that the area may be excluded from the V.P. Regulation.

NOTE—Contn. Sheet.

WD 01714—GPB—30,000—18-4-28

Serial No.

This proposal involves an amendment of the V. P. Regn and also withdrawing the Notfn Constituting the Panchayats for these Villages. While it does not throw any financial burden on the Govt, it deprives the people of these Villages from the benefits of the Panchayat-Scheme. It gives Nothing themselves trained to a certain extent in Village administration.

2). In the alternative, the Govt may make an annual Contribution to the Bd to make up the loss incurred by the Bd to the extent of Rs 10,000 per annum.

The income from the Villages is estimated only at Rs 5760 per annum. The ~~Mining Bd~~ Sanitary Bd in their Resolution of 19-8-27 wanted only a portion of the funds of the Panchayats be made over to the Bd. Therefore if it is decided to make any Contribution to the Bd to make up their loss on account of the income from the Villages, this may be limited to keep the income at about Rs 3000 p.a.

This alternative proposal throws a permanent financial burden on the Govt.

The Govt Sanity arrangements made for the area are in the interest of the Mines. The question of a Contribution from the Mining Bd may also be considered if deemed necessary.

NOTE—Contn. sheet

This area has always been treated as a special one. The late Taluka Board had no control over this area. So also the Dist Bd now at present.

29/10/28

Serial No.

31 On the whole proposal number (1) excluding the Sanitary Board Area from the scope of the V.P Regn seems preferable as it will avoid dual control over the Villages in question. Friction between the Panchayets & the Bd. in connection with Sanitary matters.

Sch Secy. 24/10/28

32 The exclusion of the Sanitary Board area from the operation of the Village Panchayets Regulation seems to be the best course. But as this involves an important change of policy and the amendment of the Regulation, it is better to consult the Standing Committee for Local Self Government.

33 In the meantime some additional information required for the disposal of the case may be obtained. Reference is made in these papers only to the revenue derived from mohatarfa and certain minor items, such as cattle pounds, etc. It is not clear what proportion of the revenue from local cess (Rs.12,000/- to Rs.14,000/-) is obtained from the several villages. On the other hand, Potgi to Village Officers and sanitary services alone are taken into consideration in calculating the expenditure incurred by the Board in these villages. Only in the case of Circle No.I, it is stated that electric lighting

+ Put up with the Budget file

With reference to your letter No.L.2855 V.P.27/27/3 dated the 22nd November 1927, stating among other matters that the Board's finances and those of the Village Panchayets in the Sanitary Board area, should be separated as from 1st February 1927 and the money collected and held in deposit might be distributed to the respective Village Panchayets, that in ordinary sanitary matters, the villages would be expected to take necessary action, all measures necessary for preventing the outbreak and spread of Epidemics being taken up by the Board; that the Village Panchayets would be expected to carry out the instructions of the Sanitary Board in this respect, as has been ordered in the case of villages in District Board areas, I have the honour to submit herewith a copy of the Sanitary Board's resolution No. 7 passed at their meeting held on the 17th February 1928 in the matter explaining the present situation in this connection.

them to do in their sanitation.

The whole Board were not in favour of giving effect to the Village Panchayet Regulation in full and particularly the Mining Members expressed great anxiety on this point.

The statement hereto appended furnishes the actual income of these villages under Mohatarfa taxes in the year 1926.27, and the scale of establishment maintained by the Board and other expenditure incurred by them excluding the cost of Public Works.

It seems absolutely necessary that the present scale of sanitary establishment which is at its minimum, as observed by the Board, has to be maintained for the efficient sanitary - administration of the local area, for which the Kolar Gold Field Sanitary Board was especially formed and constituted in the year 1899. By the surrender of the Mohatarfa taxes which had been - assigned to the Board in Government Order No. 5301/2 L.F. 17/99 - dated 3rd November 1899, to the Village Panchayets as contemplated in the Panchayet Regulation, the Board would be put to a great - loss, unless Government come to their relief and reimburse the loss to the extent of about Rs/4000/- by way of grant-in-aid or contribution to the Board, and the Board in their present financial condition as the Government are aware, are not in a position to bear the extra cost.

Under the circumstances referred to above, I request that you will be so good as to place all these matters before ~~the~~ Government and obtain such orders as they may deem fit to pass.

The copies of remarks made by Mr.C.F.Heathcote and Dr.L.P.Stokes on this subject, are also enclosed herewith.

I have the honour to be,

S i r,

Your most obedient servant,

PRESIDENT,
K.G.F.Sanitary Board.

VP 27-27-5

To

R. RANGA RAO, ESQ., B.A., B.L.,
General Secretary to the Government
of His Highness the Maharaja of Mysore,
Bangalore.

Sir,

Re. Village Panchayets.

B-NOV-27.

With reference to your letter No.L.2855 V.P.27/27/3 dated the 22nd November 1927, stating among other matters that the Board's finances and those of the Village Panchayets in the Sanitary Board area, should be separated as from 1st February 1927 and the money collected and held in deposit might be distributed to the respective Village Panchayets, that in ordinary sanitary matters, the villages would be expected to take necessary action, all measures necessary for preventing the outbreak and spread of Epidemics being taken up by the Board; that the Village Panchayets would be expected to carry out the instructions of the Sanitary Board in this respect, as has been ordered in the case of villages in District Board areas, I have the honour to submit herewith a copy of the Sanitary Board's resolution No. 7 passed at their meeting held on the 17th February 1928 in the matter explaining the present situation in this connection.

2. It will be seen from the trend of the deliberations at the meeting that preventive action is far better than waiting till an epidemic breaks out and that the Sanitary Board should continue to have the same control over - Sanitary arrangements in the area as they hitherto had in the interests and welfare of these villages, from where a large number of labourers come to the Mines. as well as in the interests and welfare of the Mining area.

The Board are of opinion " that the strength of the present sanitary establishment was at its minimum and was not capable of further reduction, if the efficient sanitation at the same level at which it was maintained hitherto had to be kept.

If the present sanitary establishment had to be -- continued, the Board who were already paying about Rs 5000/- more on the sanitation of these villages, than the actual income derived from these villages, would lose even the income they were getting from these villages, so that the Board would be put to a great financial loss. Even in the resolution of - the Board in their meeting of the 9th October 1925, in connection with the introduction of the Village Panchayets, to the villages under the Sanitary Board they had referred to this financial - aspect.

The Village Panchayets might not be capable of maintaining the present state of efficiency in sanitation and once an epidemic broke out in any of the villages, it would spread very rapidly and would affect the Mining area easily. If -- Government were not pleased to give over the income of these villages to the Sanitary Board, Government might be requested to contribute to the Board all the expenditure that the Board -- were now incurring on account of the sanitation of these villages.

The different Village Panchayets in the Sanitary Board area might not appreciate the present sanitary establishment --

Proceedings of the 4th Ordinary Meeting of the K.G.F. Sanitary Board for the year 1927.28, held on Friday the 17th February 1928, at 3.30 P.M. in the Sanitary Board Office, at Champion Reefs.

---

x x x

7. Deferred subject No. 10 of last meeting in the matter of relationship of the several Village Panchayets with the Sanitary Board and of the representation of the rural area on the Board.

Resolution:- In their letter No.L.2855 V.P.27/27/3 dated 22nd November 1927, Government were pleased to state that the Board's finances and those of the Village Panchayets should be separated as from 1st February 1927, and the money collected and held in deposit may be distributed to the respective Village Panchayets; that in ordinary sanitary matters, the villages would be expected to take necessary action, all measures necessary for preventing the out-break and spread of epidemics being taken up by the Board; and that the Village Panchayets would be expected to carry out the instructions of the Sanitary Board in this respect, as has been ordered in the casex of villages in District Board areas.

Dr. Stokes, Chief Medical & Sanitary Officer, K.G.F. and Dr.M.G.Sreenivas Rao, Peidpett, the Medical Officer of Health were of opinion that the strength of the present sanitary establishment was at its minimum and that it was not capable of further reduction, if the efficient sanitation on the same level, at which xax it was maintained hitherto, had to be kept up.

Mr. Heathcote, Superintendent, Champion Reef Gold Mines of India, Ltd., and the Chairman of the Mining Board, was of opinion that as the present sanitary establishment had to be continued, the Board, who were already paying about Rs 5000/-

more on the sanitation of these villages, than the actual income derived from these villages, would lose even the income they were getting from these villages, so that the Board would be put to a great financial loss. Even in the resolution of the Board in their meeting of the 9th October 1925, in connection with the introduction of the Village Panchayets, to the villages under the sanitary Board. - they had referred to this financial aspect.

Mr. O.V.Rajagopal was of opinion that the Village Panchayets might not be capable of maintaining the present state of efficiency in sanitation and that once an epidemic broke out, in any of the villages, it would spread very rapidly and would affect the Mining area easily. He was also of opinion that if Government were not pleased to give over the income of these villages, to the Sanitary Board, -- Government might be requested to contribute to the Board all the expenditure that the Board are now incurring on account of the sanitation of these villages.

The members were of opinion that the different village Panchayets in the Sanitary Board area might not appreciate the present sanitary establishment maintained by the Board. The Panchayets might not like to continue to keep the same scale of establishment, especially when the income from a good number of them was too samll to keep up the present establishment, which was absolutely necessary to prevent the outbreak and spread of epidemics.

The Board would be put to an annual loss of about Rs 10,000/- if the income from villages was handed over to different Village Panchayets.

The Vice President and the Medical Officer of Health should be allowed to exercise the same powers they were ~~xxx~~ exercising in so far as the sanitation of these villages was concerned under the Sanitary Board Bye-laws.

Even when the Taluk Boards were in existence, the Sanitary Board villages did not come under their perview or that of the District Boards.

For President, K.G.F. Sanitary Board.

The K.G.F.Sanitary Board Meeting on 17/2/1928.

Remarks made by Mr.C.F.Heathcote.

Item No. 7:-

" I am sure all Members of the Sanitary Board must view with the greatest apprehension the proposal to hand over the control of Sanitary Matters to the Village Panchayets in so far as it concerns the Prevention of outbreak and spread of epidemics. For this purpose it seems essential that the Medical Officer of Health must be provided with at least 3 Inspectors of Villages as in the past, and that the necessary precautions laid down by the Health Officer - must be enforced.

The Government must be fully aware that prevention of epidemics is far more important than waiting until an epidemic actually breaks out. Furthermore without Inspectors who is to say whether an epidemic has started? The Medical Officer of Health can only occasionally visit each of the 80 villages concerned. The Sanitary Board was formed to co-ordinate the Health work of these 80 villages, the town of Robertsonpet and Andersonpet, it is impossible for the numerous Panchayets to do this or to take concerted steps covering the whole area containing a population of over 80000. Have the Powers of the Amildar been conferred on the Vice President, the President as Deputy Commissioner will, I presume, be the Senior Government Officer as in the past.

It seems to me that ordinary sweeper's duties are all that it was ever intended, should be handed over when the Board gave their approval and even then the stipulation was made that the Board should not lose revenue.

At one meeting the official Chairman definitely said half the income of the Panchayets in the Sanitary Board area would be payable to the Board, to meet part of the costs paid by the Board for maintenance of Central Health

Establishment and Central Hospital accommodation at Robertsonpet.

As far as the Mines are concerned it seems to me that if Central Health control in the area is to be dispensed with, the Mines will be compelled to employ only those residing in the area over which the -- Sanitary Board has control.

I am not a Medical Officer and therefore would be glad to hear what Dr.Stokes has to say on the matter.

" C o p y "

2nd March 1928.

For P r e s i d e n t,
K.G.F.Sanitary Board,

A.G.F.Sanitary Board Meeting on 17/2/1928.

Remarks made by Dr.L.P.Stokes.

Subject No.7. For 29 years through the co-operation of the Government and Mining Companies Medical and Sanitary Staffs -- epidemics of the 3 great Indian scourges Plague, Cholera and Small/pox have been controlled and the work of the Mines has been carried on without serious interruption.

This was only made possible by the very large amount of money spent each year by the Mining Companies on sanitation.

It is now proposed that this co-operation shall cease. We will still have to go on spending money on the sanitation of our Camps and the protection of our employees living on the Mining area but with the knowledge that at our boundary there is an everlasting - danger over which we have no control.

A sanitary staff to be of any use must be in constant and intimate touch with the people and have their confidence.

Yet it is suggested that only when a village was in the grip of an epidemic that a sanitary staff was needed.

Where is the staff to come from?

As you are all aware in the case of an out-break of Cholera a few hours can make all the difference between having the disease confined to one or two houses and having the village well polluted.

I cannot see the object of Panchayet Villagers in their demand that sanitation should in future be left in the hands of people who have no pretence to any knowledge of the subject, except that they wish to be in a position to conceal the existence of infection in their midst.

Kolar Town has had 10 cases of plague with 8 deaths in the last 2 weeks.

The Town is being partly evacuated and people from the infec areas are moving in to Bowringpet and to the Sanitary Board and

and Mining areas where some have already been found.

Facing a condition like this, which of course will occur again, we are asked to approve of the removal of only safe-guard we have against the infection of over,60,000 people living in the Mining area, Robertsonpet and Andersonpet.

I do not mean that the present is an inopportune moment to make the change. I consider that putting the lives of some -- 60,000 people in the hands of scattered Panchayets would be a -- dangerous thing to do at any time.

" C o p y "

for President,
K.G.F.Sanitary Board,

The President,
Sanitary Board, K.G.F.

Sir,

With reference to your letter No.C 23-27 dated 5th March 1928, regarding the desirability of the supervision of Sanitary work in Village Panchayets being continued by the Sanitary Board Inspectors as also to the continuance of the present system of including the Village Panchayet finances in those of the Sanitary Board, on account of the loss that will be sustained otherwise by the Board by surrender of rural mohatarfa revenue to the Panchayets in the Sanitary Board area, I am directed to request you to be so good as to send for the consideration of Govt. as promised by you at the interview with the Second Member in connection with the Budget of the Board for 1928-29, proposals for the ~~administration~~ reconstitution of the Panchayets in the Board area by grouping these Panchayets with necessary adjustment of sanitary and other required staff, finances &c.

A very early reply is requested.

I have etc.,

General Secretary to Govt.

C. No. 23 Encls. one

V.P. 27-27-7

R. Ranga Rao,Esq.,B.A.,B.L.,

General Secretary to the Government of His Highness

the Maharaja of Mysore,B a n g a l o r e.

SIR,

L 45-22 & L 1164.

With reference to your letter No.L.788/V.P.27/27/6 dated 23rd July 1928, I have the honour to send you herewith a statement containing the present distribution of villages under each Sanitary Inspector. The statement also shows the receipts fm from each group of these villages and the amount spent by the Sanitary Board on the same.

2. The Sanitary Board have already resolved that they should have complete control over the Sanitary and financial matters of the villages. By this arrangement, the Village Panchayets will have ~~very~~ very little, practically nothing, powers. Under these circumstances I am of opinion that it is best to withdraw, by means of a special notification if necessary, the Village Panchayets, introduced into the Sanitary Board villages.

3. Besides, Section 3,para 10 of Village Panchayet Regulation says that the Village Panchayet does not affect a local area constituted into a Municipality. The Sanitary Board have got as much control and as much supervision over the villages as they have over the -- Robertsonpet. As a matter of fact the area of Robertsonpet itself comes under villages viz.,Nachakpalli and Sonnakuppam, as contemplated in Section 3, para 10 of the Village Panchayet Regulation. But it is not included in any of the villages and thus Robertsonpet is an anomoly under Village Panchayet Regulation.

4. Under the circumstances, I think, I am right in considering

the whole of the Sanitary Board area as a Municipality to which the Village Panchayet Regulation does not apply and the section requires to be amended so as to include the Sanitary Board area under the scope on the same analogy and until this done, I request that the present notification may be withdrawn.

5. The Resolution of the Sanitary Board not to have the Village Panchayets in their area has been submitted to Government with this office No.C.23/27-28 dated 5th March 1928.

I have the honour to be,

S i r,

Your most obedient servant,

CHAMPION REEFS,

Dated 13th August 1928.

V.P.27-27-d

44

L3708
d 21.11.1928

To

The President,
K.G.F. Sanitary Board,

S i r,

With reference to the correspondence ending with your letter No.C.23/27-28 dated 14-8-1928 in regard to the exclusion of the Sanitary Board area from the operation of the Mysore Village Panchayet Regulation, I am directed to observe that in the statement of income and expenditure of the Village Panchayet submitted (1) ~~submitted~~ the revenues derived from mohatarfa and certain minor items such as cattle pounds alone are included on the receipt side etc., but the revenue derived from local cess and other items has not been included,

(2) On the expenditure ~~side~~, potgi to Village officers and charges for sanitary services alone are included and water supply, lighting and other charges ~~except in~~ are not included except in the ~~the~~ case of Circle No.I against which lighting charges amounting to Rs.382-8-0 are included.

2. I am therefore to request you to be so good as to submit for the consideration of Government a complete revised statement showing the income and expenditure of the village Panchayets under all the heads for each village ~~x~~ under the control of the Sanitary Board, without omitting any of the items.

3. A map of the Sanitary Board area ~~showing~~ Noting the villages to which water supply

45

supply and lighting have been extended may also be kindly prepared and submitted.

I have etc.,

20/11

For Chief Secry to Govt.

17/11/28 KG 9/11.

C. No. 23 .

Encls 2

1927-1928

OFFICE OF THE PRESIDENT, SANITARY BOARD, 46
KOLAR GOLD FIELD.

Dated, Champion Reefs 23 24-2-1929.

V.P. 27-27-9

From

A.V.Ramanathan, Esq., B.A.,
President, Sanitary Board, Kolar Gold Field,
CHAMPION REEFS.

REV. SECTT.
G.E. 3729
26 FEB. 1929
L. S. G. BRANCH.

To

CHIEF SECRETARY.
26 FEB. 1929

N. Madhava Rao, Esq., B.A.B.L.,
Chief Secretary to the Government of His Highness
the Maharaja of Mysore, B A N G A L O R E.

SIR,

With reference to your letter No. L. 3708/V.P.-27/27/8 dated 21st November 1928 regarding the exclusion of the Sanitary Board area from the operation of the Mysore Village Panchayet Regulation, I have the honor to submit herewith a statement showing the estimated income and expenditure of several Village Panchayets for the year 1927-1928 together with a map showing the location of wells, lights. Etc.

2. The figures in the statement are based upon the information furnished by the Sanitary Inspectors who are in charge of the Village Panchayets.

3. As regards the actual amount at the credit of the Village Panchayets under the Sanitary Board for the year 1927-1928, the Amildar of Bowringpet Taluk has been addressed to furnish the information. Further reference will be submitted to Government, soon after the receipt of reply from the Bowringpet Taluk.

4. As, under the Village Panchayet Regualtion the Local Cess is not an item of the Revenue to the village Panchayets, it was omitted in the previous statement already furnished.

I have the honor to be,
Sir,
Your most obedient servant.

FOR PRESIDENT,

'Statement showing the estimated income and expenditure of several Village

Encls. 3
192 ..... 192 .....

OFFICE OF THE PRESIDENT, SANITARY BOARD,
KOLAR GOLD FIELD.

Dated, Champion Reefs 16th May 1929

From

A.V.Ramanathan, Esq., B.A.,
President, Sanitary Board, Kolar Gold Field,
CHAMPION REEFS.

To

B.Narayanaswami Iyengar, Esq., B.A., B.L.,
Offg. General Secretary to the Government of
His Highness the Maharaja of Mysore,
Bangalore.

SIR,

With reference to correspondence ending with this office No. C 23/27-28 dated 5-4-29 regarding the operation of the Village Panchayet Regulation in the villagesx in the Sanitary Board area. I have the honour to state that, subsequent to the above communication to Government, the Sanitary Board had the advantage of personally submitting their views with Rajamantra Pravina Mr.C.S.Balasundaram Iyer, 2nd member of Council, while he was on tour on the K.G.F on the 6th April 1929. After discussion of the question in all its aspects. it was suggested that, while the Sanitary Board should continue to have full control over general Sanitation and measures against Epidemics in the villages in the Sanitary Board area, the Village Panchayets should be free to develop and to govern themselves in other matters on the lines contemplated in the Village Panchayet Regulation and that the Sanitary Board might draft a scheme on the above lines and submit it for the consideration and orders of the Government.

This subject was further considered on the above lines by the Sanitary Board at their ordinary meeting held on the 26th April 1929 and they have resolved that a recommendation be made to the Government to issuex the necessary notifications framing rules under section 65(p) of the Village Panchayet Regulation giving powers to the K.G.F Sanitary Board to have control over the Village Panchayets in the matters of Sanitation, Registration of Births and Deaths, Vaccination etc., and that the Panchayets do pay to the Sanitary Board one-half of the proceeds

58

proceeds from the obligatory taxes levied under section 36 of the Village Panchayet Regulation as contribution for the services administered by the Sanitary Board.

A copy of the Board's Resolution in the matter is submitted herewith.

I request that you will be so good as to obtain the sanction of Government to the proposals of the Board as contained in their Resolutions on the subject and to arrange for the issuing of the necessary notifications.

But this is a temporary expedient and it might be argued that the rules go beyond the scope of the present Proviso to section 58 of the Village Panchayet Regulation. It is necessary, therefore, to amend the Proviso suitably. A Resolution in this respect is also sent enclosed and I request that Government may kindly be moved to amend the Proviso to section 58 of the Mysore Village Panchayet Regulation as suggested in this Resolution.

I have the honour to be,

Sir,

Your most obedient servant,

FOR PRESIDENT,

K.G.F Sanitary Board.

Proceedings of the 4th ordinary meeting of the Kolar Gold Field Sanitary Board for the year 1928-29 held on Friday the 26th April 1929 at 3.30 P.M. in the Sanitary Board Office at Champion Reefs.

---

19. Notes, of the Vice President proposing a draft scheme in the matter of the relationship between the Sanitary Board and villagex panchayets in the said area.

Resolution:-

1. Resolved that a recommendation be made to the Government to issue as Rules under section 65(p) of the Mysore Village Panchayet Regulation, the necessary notifications:-

(A) Declaring that the marginally* noted Notifications and Government Orders shall be in force throughout the area under the control of the Sanitary Board, K.G.F. and shall be administered by the said Sanitary Board;

* 1. Government Notification No.7075 L.B.185-12-3 dated 22-3-1916 as amended from time to time prescribing the rules for the special sanitation of the local area.

2. Notification No.4031 L.F.17-99x dated 14-9-1900 Bye-Laws re. the special sanitation of the K.G.F. Sanitary circle.

3. G.O.No.14431 L.F.7-99 dated 31-3-1903 and subsexxxx quent amendments - Bye-Laws regulating the licening of shops and stalls used for the salx of meat, fish, fruit, vegetables etc.

4. Government Notification No.2 dated 24-7-1908, Bye-Laws re. registration of births and deaths and Bye-Laws re. Vaccination.

5. Government Order No.317-18 L.B.496-96-2 dated 11-7-1907, sanctionig additional Bye-laws re. building

60

buildings, nuisnce, drains, offensive and dangerous trades, etc.

6. Government Notification No.6573-L.B.61-10-10 dated 12-3-1912 Bye-Laws for the regulation and inspection of Bakeries and aerated x ~~Aerated~~ Water Factories.

7. Government Notification No.10264 L.B.132-08-16 dated 14-5-1910 framing rules for the management of slaughter houses.

and (B) Declaring that the Village Panchayets in the said area shall not exercise the powers and discharge the duties mentioned in the marginally * noted sections of the Mysore Village Panchayet Regulation, except as agents of the Sanitary Board and to the extent permitted by the said Board by specific resolutions and subject to the conditions laid down in such resolutions:-

*

Section 20 Village Panchayet Regulation.

(ii) Construction of drains and disposal of drainage water and sullge;

(iii) Cleansing of streets, drains, tanks and wells (other than tanks and wells used exclusively for irrigation) and other public places in the villages;

(iv) Regulation of buildings;

(v) Opening and maintenance of burial and burning grounds;

(vi) Sanitation, conservancy and prevention and abatement of nuisances;

~~(vii)~~

(viii) Preservation and improvement of public health;

(xi) Maintenance of tanks and wells (other than tanks and wells used exclusively for irrigation) and

(xii) Supply of water for domestic use.

Section 21 Village Panchayet Regulation:-

(iii) Extention of village sites;

Section 29 Village Panchayet Regulation:-

Control of the erection of buildings.

Section 30 Village Panchayet Regulation.

61

Licensing of offensive or dangerous trades.

Section 31 Village Panchayet Regulation.

Power as to sanitation, conservancy and drainage;

Section 32 Village Panchayet Regulation.

Provision of proper water supply.

(C) directing that Village Panchayets in the said area shall pay to the Sanitary Board, every year on or before the 31st July, a sum equal to half of the total realisations in the previous year from the obligatory taxes levied under section 36 of the Mysore Village Panchayet Regulation, as contribution for the services administered by the Sanitary Board in the said villages during the previous year; and

(D) directing that in case of any difference of opinion arising between the Sanitary Board, K.G.F. and a Village Panchayet in the working of the above rules, Bye-Laws and orders, the Deputy Commissioner-President shall decide the point, and such decision shll be given effect to, provided that it shll be open to the Sanitary Board or the Panchayet, by special resolution, to prefer an appeal to the Government, whose decision thereon shll be final.

Resolved further, that the Government may be moved

II. To amend the proviso to section 58 of the Mysore Village Panchayet Regulation by substituting the following for the existing proviso:-

"Provided that Government may, by notification, direct that such of the duties and powers mentioned in this Regulation as are performed and exercised by a Sanitary Board in the area under its cotrol shall be excluded from the duties and powers of a Village Panchayet in the said area,

× × ×

"C O P Y"

Office of the President,
Kolar Gold Fields Sanitary Board,
No.23/27-28. Dated, Kolar, the 29th July 1929.

One Statement

5472
31 JULY 1929
L. G. G. BRANCH

From

A.V.Ramanathan, Esq., B.A.,
President,
Kolar Gold Fields Sanitary Board,
K o l a r.

To

B.Narayanaswamy Iyengar, Esq., B.A., B.L.,
Secretary to Government of Mysore,
General Department,
B a n g a l o r e.

Sir,

Adverting to your letter No.L.8199 V.P.27-27-14 dated 7th June 1929 calling for the information of Government, details of the actual expenditure incurred by the Sanitary Board every year for the general sanitation and adoption of measures against epidemics etc., in the villages in the Sanitary Board area, I have the honour to append a statement showing the particulars of expenditure incurred during the year 1927-28 and 1928-1929.

As regards the control of epidemics and the cost incurred on this work in the Sanitary Board villages, as well as the cost of preventive vaccination against small pox, the expenditure cannot be separately determined. The expenditure in the E.D.H., which serves the whole of the Sanitary board area in this respect, was Rs 4,712-14-6 in 1927-28 and Rs 5,894-13-0 in 28-29. The cost of lymph purchased for vaccination similarly amounted to Rs 609-11-2 in 27-28 and Rs 1,298-6-8 in 28-29. The proportionate expenditure out of this, purely on the Sanitary Board villages, will have necessarily to be assessed on a rough basis.

I have the honour to be,
S i r,
Your most obedient servant,

President,
Kolar Gold Fields Sanitary Board,

Proceedings of the Government of H.H. the Maharaja of Mysore.

R e a d:-

Letter No.L.2855 V.P.27-27-3 dated 22-11-1927 from the Chief Secretary to Govt. to the President, Sanitary Board, K.G.F. stating that the finances of the Village Panchayets in the Sanitary Board area should be separated from 1-2-1927 and that all measures necessary for preventing the outbreak and spread of epidemics in the said Villages should continue to be taken by the Board, while in ordinary Sanitary matters, the Villages would take needful action etc.,

2. Correspondence ending with letter No.23 dated, the 29th July 1929, from the President, Sanitary Board, K.G.F. on the subject.

ORDER NO. L. 1248-51

Dated, Bangalore, the 15th August 1929.

The Sanitary Board first requested that the Villages in the area under their control ~~may~~ might be excluded from the operation of the Village Panchayet Regulation, on the ground that they would otherwise be obliged to incur a large expenditure every year for the prevention of epidemics in the Villages, ~~in spite of~~ the income from taxes on houses, shops and carts in the villages ~~being~~ would take credited to the Village Panchayets instead of to the Sanitary Board as heretofore. The Board have since agreed to the operation of the Village Panchayet Regulation in the said

said villages, provided they are given full control over sanitation and prevention of epidemics in the area and the Panchayets contribute to the expenditure incurred by the Board for these measures.

2. After a full consideration of the matter, Government consider it undesirable to exclude the villages in the area under the control of the Sanitary Bd., for the operation of the Village Panchayet Regulation and are pleased to direct as follows:-

(a) Full control in regard to Sanitation in the Villages in the ~~area~~ where Panchayets are will vest in the Sanitary Board ~~derived~~ as desired by them.

(b) Every Village Panchayet in the area shall contribute to the Sanitary Bd. ~~out~~ half of the ~~cost of the charges incurred by the Board for the Sanitation of~~ collections from the Village, from out the obligatory taxes levied by the Panchayets.

(c) The Panchayets shall, without prejudice to (a) have control over and above other matters, such as village roads, wells, or drinking water supply, ordinary medical relief, education etc., in their jurisdiction.

GENERAL AND REVENUE DEPARTMENTS.

G. O. No. L. 1248-51/V. P. 27-27-16 Bangalore, Dated, 15th August 1929.

Exclusion of villages in the Kolar Gold Fields Sanitary Board area from the operation of the Village Panchayet Regulation

States that the-----is not desirable and directs that the Panchayets should contribute to the Board towards the cost of sanitation.

Read:-

Letter No. L.2855/V.P.27-27-3 dated, the 22nd November 1927, from the Chief Secretary to the Government of Mysore, to the President, Sanitary Board, Kolar Gold Fields, stating that the finances of the Village Panchayets in the Sanitary Board area should be separated from 1st February 1927 and that all measures necessary for preventing the outbreak and spread of epidemics in the said villages should continue to be taken by the Board, while in ordinary Sanitary matters, the villages would take needful action etc.

2. Correspondence ending with letter No.23 dated, the 29th July 1929 from the President, Sanitary Board, Kolar Gold Fields on the subject.

ORDER NO.L.1248-51/V.P.27-27-16 DATED 15TH JULY 1929.

The Sanitary Board first requested that the villages in the area under their control might be excluded from the operation of the Village Panchayet Regulation, on the ground that they would otherwise be obliged to incur a large expenditure every year for the prevention of epidemics in the villages, as the income from taxes on houses, shops and carts in the villages would be credited to the Village Panchayets instead of to the Sanitary Board as heretofore. The Board have since agreed to the operation of the Village Panchayet Regulation in the said villages as in other villages in the State, provided they are given full control over sanitation and prevention of epidemics in the area and the Panchayets contribute to the expenditure incurred by the Board for these measures.

2. After a full consideration of the matter, Government consider it undesirable to exclude the villages in the area under the control of the Sanitary Board from the operation of the Village Panchayet Regulation and are pleased to direct as follows:-

(a) Full control in regard to sanitation in the villages in the Village anchayet area will vest in the Sanitary Board as desired by them.

(b) Every Village anchayet in the area shall contribute to the Sanitary Board one half of the collections out of the obligatory taxes levied by the Panchayet.

(c) The Panchayets shall without prejudice to (a) have control over and attend to other matters, such as village roads, wells or drinking water supply, ordinary medical relief, education etc., in their jurisdiction.
